LeetCode

EDUCATION

Graphic Era Hill University

Bachelor of Technology in Computer Science, CGPA- 7.5

Oct 2021– June 2025

Dehradun, Uttarakhand

Kendriya Vidyalaya

Intermediate - 91.8 %

2021

Pithoragarh, Uttarakhand

NewBeersheba School

Matriculation - 93.4 %

2019

Pithoragarh, Uttarakhand

EXPERIENCE

Prodigy InfoTech

15 February,2024 – 15 March,2024

Intern

virtual

- Created solutions to real-world challenges with hands-on experience in Web Development.
- Learned about HTML CSS JavaScript React .
- Completed assigned projects within a span of one month, using HTML JavaScript CSS .

PROJECTS

Sentiment Analysis of Products | Python (Machine Learning)

November 2023

- A sentiment analysis model for e-commerce product reviews that analyzes the polarity.
- It leverages web scraping techniques and sentiment analysis algorithms to extract and analyze customer reviews from e-commerce websites.

Portfolio Website | HTML CSS JavaScript (Web Development)

January 2024

- A responsive personal portfolio website with smooth scrolling in each section.
- Ensured that the website functions properly on PCs and mobile devices alike.

Movie Recommendation System | Python (Machine Learning)

August 2023

- Developed a cosine similarity-based movie recommendation system based on content or a data set.
- Used content-based filtering for discrete characteristics of an item to recommend additional items with similar properties, aiming to anticipate or filter preferences based on user choices.

Bank Management System | Python

November 2022

- Created a project based on Python-MySQL connectivity that performs essential functions that a real bank performs.
- Implemented functionalities such as entering, displaying, or changing the details of various bank accounts, depositing money into or withdrawing money from bank accounts, and being aware of all the customer information.

TECHNICAL SKILLS

Languages: Python ,C,C++,Java,JavaScript,SQL

Tools and Frameworks: ReactJS, Git, GitHub

Machine Learning Tools : Tensorflow, NLP, scikit-learn, Jupyter Notebook
